The shortlist exhibition '*Agent of Change*' is curated by: Rachel Price and Zoe Watson

PRESS RELEASE

The Prize's Managing-Director, Rachel Price comments:

"With the values of the radical Victorian polymath and social reformer John Ruskin at its core, and with his legacy in the spotlight in the bicentenary year of his birth, we are proud that the often challenging themes explored through The John Ruskin Prize resonate so strongly with contemporary artists and designers across the nation.

The overwhelming response to this year's theme 'Agent of Change' highlights the active role of artists as perception shifters and catalysts of positive change in our society. The selected artists' concerns are as diverse as their material approaches with works that are teeming with passion, dedication and wit. As Ruskin did some 150 years ago, the selected artists shed new light and innovative perspectives on societal, political and environmental issues - the collective voice from the 2019 shortlist is a refreshing antidote to apathy - with a stark and sometimes satirical reminder that sitting on the fence never changed a thing".

As John Ruskin once said:

"What we think, or what we know, or what we believe is, in the end, of little consequence. The only consequence is what we do."

For this year's shortlist the theme: 'Agent of Change' is explored through painstaking projects, in depth research, tongue in cheek criticisms, and unapologetic protest. The shortlist have created a collective sense of urgency as capitalism, consumer culture, toxic debt, climate change, class and cultural divides; issues both global and closer to home are top of the agenda.

The Prize

The John Ruskin Prize is now in its 5th year and in a nationwide call invited entries from established and emerging artists and designers aged 18 or over living, working or studying in the United Kingdom. The Award is £5000 with £3000 going to the Winner, and £1000 going to both the Second Prize winner and Student Prize Winners.

Winners will be announced on Thursday 11th July at a private view and prize giving ceremony at The Holden Gallery, Manchester. The shortlist exhibition, **Agent of Change**, will be on display from 12th July – 24th August 2019. The exhibition will be free and open to all.

PRESS RELEASE

The John Ruskin Prize was inaugurated in 2012 by The Guild of St. George and The Big Draw (formerly the Campaign for Drawing). The John Ruskin Prize is the fastest growing multi-disciplinary art prize in the UK. The Prize aims to uphold John Ruskin's beliefs whilst challenging the nation's artists to respond to challenging themes. The resulting exhibitions have attracted diverse audiences and received wide critical acclaim. For further information please visit: ruskinprize.co.uk

The Big Draw is a visual literacy charity promoting the universal language of drawing as a tool for thought, creativity, social and cultural engagement. The Big Draw (formerly the Campaign for Drawing) was launched in 2000 by The Guild of St George, - the charity founded by John Ruskin in 1871 - becoming an independent arts education charity in 2006. In addition to running The John Ruskin Prize and a visual literacy programme, the charity is the founder and driving force behind the world's biggest celebration of drawing, The Big Draw Festival: thebigdraw.org

John Ruskin (1819-1900) was a polymath. As a writer, he commanded international respect. He was an art critic and an art patron, a skilled draughtsman and talented watercolourist, and a fierce critic of prevailing social and political norms. He wrote about nature and architecture, craftsmanship, geology, botany, Greek myth, education. Driven by his deep faith in social justice, he established the Guild of St. George in the 1870s to right some of the social wrongs of the day and make England a happier and more beautiful place in which to live and work.

The Guild of St George is an educational charity for arts, crafts and the rural economy, founded by John Ruskin in 1871. Today, with more than 270 Companions, it continues to promote Ruskin's values in the modern world. As well as its Ruskin Collection, cared for by Museums Sheffield, the Guild owns land in the Wyre Forest and elsewhere, and funds public engagement projects throughout the UK, together with conferences, publications, lectures and symposiums, all designed to encourage the use of Ruskin's ideas to make the world a better place to live in.

In 2000 the Guild founded The Campaign for Drawing. This grew into the modern, independent charity, The Big Draw, to which the Guild still makes an annual donation. In 2012, the Guild founded The John Ruskin Prize with The Big Draw. Like many of the Guild's activities, the Prize aims to encourage people to explore Ruskinian values and ideas in the context of contemporary life. Visit guildofstgeorge.org.uk for more information.

Ruskin200 is worldwide celebration and gathering of the many people, places and enterprises devoted to Ruskin and his work to mark the bicentenary of Ruskin's birth (8 February 1819). For a selection of upcoming activities as part of Ruskin200 please visit: ruskin200.com

Ruskin in Manchester will celebrate the legacy of John Ruskin (1819-1900) in Manchester, in the year that marks the 200th anniversary of the birth of this visionary thinker, with a programme of public events taking place across summer 2019. As an artist, writer, social reformer, philanthropist and ecologist, Ruskin's is a legacy that shapes our world and lives in so many ways. Whilst Ruskin was troubled by the pollution and poor working conditions he found in 19th century Manchester, he would come to have a strong association with the city and influence the changes that took place to address such issues. Supported by the Guild of St George (the education charity founded by Ruskin in 1871) and Manchester Metropolitan University, Ruskin in Manchester will see cultural organisations across the city partnering to explore the world of Ruskin through exhibitions, talks and activities. For events please visit: ruskinprize.co.uk/manchester
